

## **Elfuns Support GE Global Research Science Days**

**Elfuns Rudy Dehn, Hal Webster, Joe DiPietro, John Viertl and Phyllis Budka along with GRC employees shared the wonders of science with youngsters, teachers and parents at GE Global Research Center's annual Science Day November 8<sup>th</sup>. Preview Night, November 7<sup>th</sup>, provided GRC employees the opportunity to share the event with their families.**

**The next day, about 200 4<sup>th</sup> and 5<sup>th</sup> graders from the Middleburgh, Schoharie, Sharon Springs, Jefferson and Berne-Knox-Westerlo school districts visited and were treated to demonstrations and many hands-on exhibits. Their wide-eyed appreciation, seen in the accompanying pictures, along with thank you notes from the schools, enriched the experience for the Elfun volunteers.**

**As a result of our volunteer efforts at Science Day, Elfuns received a \$2000 grant from the GRC to enable the purchase of additional educational science equipment.**

**To volunteer for Elfun science education outreach, contact Phyllis Budka at 518 377 8734 or [abudka@nycap.rr.com](mailto:abudka@nycap.rr.com).**
